

24-Port Gigabit Aggregation Switch

Industrial-Grade

Preview

DIGISOL DG-IS4528HPDA is an industrial-grade L2 managed PoE Switch with 24*10/100/1000Mbps adaptive RJ45 ports and 4 Gigabit SFP fibre slots. Ports 1-24 support PoE, with a maximum of 30W for each port. It is designed for large scale IP surveillance applications and networks. Each PoE port (up to 30W) satisfies the high power consumption requirement of a. RG-UNC, a unified visual management platform, supports real-time monitoring of key devices and links, fine-grained alarms, centralized configuration backup and recovery, network-wide management, plug-and-play, and rapid deployment, enhancing O&M efficiency. Built to handle high traffic loads, complex routing, and mission-critical operations, this industrial. The IKS-G6524A Series is equipped with 24 Gigabit Ethernet ports. The IKS-G6524A's full Gigabit capability increases bandwidth to provide high performance and the ability to quickly transfer large amounts of video, voice, and data across a network. The switches support the Turbo Ring, Turbo Chain.

Featuring 24*10G multi-Gigabit ports + 4*10/25G SFP28 uplinks, this switch delivers flexible, high-performance connectivity. The 100M-10G auto-sensing

Huawei's Layer 3 switches, including popular models like the 24-port variants, feature a non-blocking switching architecture. This design allows all ports to transmit and receive data simultaneously at full

EtherWAN IG5-00244RCR industrial ethernet switch features 24 SFP gigabit ports, 4*10G SFP+, layer 2/3 management, & rugged IP40 protection for harsh conditions.

ATD-IDS4SF24G-L2 industrial Ethernet switch is a managed Layer2 industrial Ethernet switch developed by our company. It features 24 adaptive 10/100/1000 Base-T ports and 4 COMBO

We are a US-based leader in Wi-Fi and smart home technology. See why families trust TP-Link to make their home smart, secure, and effortlessly connected.

A compact 1U 400G switch built for AI clusters, storage fabrics, and high-speed aggregation, featuring four 400G QSFP56-DD ports, dual 10 Gigabit Ethernet,

With 24 Gigabit RJ45 ports and multiple SFP-based uplink options, it aggregates production lines, cabinets, or zones into a manageable backbone. Layer 3 functions and rich VLAN options help

L2+ managed industrial Ethernet fiber switch with 20*10/100/1000M RJ45 ports and 4*1/10G uplink SFP+ fiber ports. It support dual DC power supply input and DIN

24-Port Gigabit Industrial-Grade Aggregation Switch

In simple campus scenarios, the switch can achieve easy configuration and high information security, while in large-scale interconnecting scenarios, the switch

The KBC ESMGS24-P4 series is a high performance 24 port, industrial, managed Gigabit switch with 24 x 802.3at PoE+ ports and 4 shared SFP ports. It is

Provides advanced Security ACLs for improved security, traffic control, and QoS, ensuring efficient and optimized networking.

The GWN7830 Series of Layer 3 Aggregation Network Switches offers 3 model options, with up to 24 SFP ports and 12 SFP+ ports, which are ideal for medium

DIGISOL DG-IS4528HPDA is an industrial-grade L2 managed PoE Switch with 24*10/100/1000Mbps adaptive RJ45 ports and 4 Gigabit SFP fibre slots. Ports 1

Der IES5100-24FS verfügt über 24 x 1G SFP-Ports und 4 x 10G SFP+-Ports und ist speziell für ein breites Spektrum industrieller und erweiterter Unternehmenskonnektivität-sanforderungen konzipiert.

The GWN7830 series are Layer 3 aggregation switches that allow enterprises to build scalable, secure, high performance and smart business networks that are

With 24 Gigabit Ethernet ports, 4 high-speed 10G SFP+ uplinks, and stackable architecture, this switch is ideal for large-scale industrial networks that require seamless data flow, intelligent routing, and
