

Article Overview

You can purchase fiber optic cables in Azerbaijan from suppliers like AEDHS.com, Metronet, Fibernet, and AzerTelecom, with delivery and services available across major cities including Baku, Ganja, Sumqayit, and Lankaran.

Key Suppliers and Options

1. AEDHS.com AEDHS.com is a reliable supplier of fiber optic products in Azerbaijan, serving cities such as Baku, Ganja, Sumqayit, Lankaran, Mingachevir, Saatli, Qaracuxur, Sirvan, Bakixanov, and Nakhchivan . They offer a wide range of products from major brands like Advanced Fiber Solutions, FLUKE, Fluke Networks, Keysight, and VIAVI. AEDHS.com provides door-to-door delivery, including duty-paid shipments, and offers repair, maintenance, and technical support services. You can contact them via email at enquiry@aedhs.com or WhatsApp at +971 55 630 52 17. 2. Metronet Metronet provides fiber optic internet services and can supply fiber optic infrastructure for homes and offices in Baku . They offer high-speed broadband connections, low latency, and flexible bandwidth. Metronet also provides additional services like telephony and IPTV, which can be bundled with fiber optic installations. 3. Fibernet Fibernet is another provider offering high-speed internet, TV, and telephone services up to 1000 MB in Azerbaijan . They provide fiber optic connections for both residential and commercial customers, and new subscribers receive a free router. Fibernet's team can assist with installation and improving internet quality at your location. 4. AzerTelecom (NEQSOL Holding) AzerTelecom operates a large fiber optic network covering all major regions and cities in Azerbaijan . They are involved in large-scale projects like the "Digital Silk Way," which connects Azerbaijan to international fiber optic networks. AzerTelecom can supply fiber optic cables for corporate, public sector, and infrastructure projects, and they offer technical support and consultation for large-scale deployments.

Recommendations

- o For direct purchase of fiber optic cables and equipment, AEDHS.com is the most suitable option due to their wide product range and delivery services.
- o For internet and fiber optic installation services, Metronet and Fibernet provide ready-to-use solutions for homes and offices.
- o For large-scale or corporate projects, AzerTelecom offers extensive infrastructure and technical expertise. By contacting these suppliers, you can obtain fiber optic cables, installation services, and technical support tailored to your location and project requirements.

Products Cable products differ in the type of use, type of conductor, quantity and sheath (inner insulation,

outer).
