

Article Overview

You can request a custom cable mesh tray quotation by providing specifications such as dimensions, material, finish, and load requirements to specialized manufacturers or suppliers.

How to Request a Quotation

To obtain an accurate quote for custom wire mesh cable trays, you should provide the following details:

- o Tray Dimensions: Specify width (50mm-600mm), height (50mm-100mm), and length (1m-2.5m or more) to match your project requirements .
- o Material and Finish: Options include electro-plated galvanized steel for indoor use, hot-dip galvanized for outdoor or humid environments, and stainless steel (304/316) for chemical or hygiene-sensitive areas .
- o Wire Diameter and Load Capacity: Thicker wires provide higher load support; indicate expected cable weight and density .
- o Accessories and Fittings: Include any required bends, elbows, tees, supports, or connectors for installation .
- o Special Requirements: Powder coating for color coding, reinforced base frames, or custom drawings for unique layouts .

Recommended Suppliers

- o MP Husky - Offers a quotation request form for wire basket cable trays; they provide estimates and proposals after receiving your specifications .
- o Patil More Exports - Specializes in customizable trays for industrial clients, providing full test certification and export-ready products .
- o JLH Cable Tray (Shandong Jinheng Electric Co., Ltd.) - Provides a wide range of custom cable trays including wire mesh, perforated, and ladder types, with fast quotation and delivery options .
- o Europages Suppliers - Lists multiple manufacturers of galvanized mesh cable trays where you can request direct quotations .

Tips for Accurate Quotation

- o Include project location and expected delivery timeline.
- o Provide cable type and fill ratio to ensure the tray can accommodate future expansions .
- o Specify environmental conditions (indoor, outdoor, chemical exposure) to select the appropriate material and finish .
- o Request certifications such as IEC 61537 to ensure compliance with international standards . By submitting these details to the suppliers above, you can receive a detailed quotation tailored to your project's specifications, including pricing, lead time, and installation guidance.
