

Comprehensive unit price of 96-core outdoor optical cable

Article Overview

The price of a 96-core outdoor optical cable varies depending on type, specifications, and supplier, typically ranging from \$1.50 to \$5 per meter for standard single-mode outdoor cables.

Cable Types and Specifications

- o Single-Mode Outdoor Cable (G652D): Commonly used for telecom and aerial applications, with PE sheath, CE/ISO9001 certification, and suitable for long-distance transmission .
- o Armored Multitube Cable: Loose tube, jelly-filled, ECCS-corrugated, with high tensile strength and zero dispersion wavelength 1300-1324 nm .
- o OPGW (Optical Ground Wire): Combines optical fibers with aluminum-clad steel for overhead power line installation, offering anti-electromagnetic interference and high mechanical reliability .
- o ADSS (All-Dielectric Self-Supporting): Lightweight, PE or AT sheath, moistureproof, waterproof, suitable for aerial installation on poles and high-voltage environments .

Pricing Overview

- o Alibaba and Made-in-China suppliers: Offer 96-core single-mode outdoor cables with prices typically starting around \$1.50-\$3 per meter, depending on bulk order, OEM customization, and shipping .
- o Specialized suppliers (CISFiber, Aixton, Fiber-Opticalcable.com): Prices may range \$3-\$5 per meter for armored or OPGW cables with advanced mechanical and environmental protection .

How to Obtain a Quote

- o Specify cable type: Single-mode, armored, OPGW, or ADSS.
- o Determine length and quantity: Bulk orders often reduce per-meter cost.
- o Request OEM or custom options: Some suppliers allow custom sheath, core arrangement, or certification requirements.
- o Contact suppliers directly: Alibaba, Made-in-China, and specialized manufacturers provide inquiry forms for tailored quotes and shipping estimates .

Additional Considerations

- o Certifications: CE, ISO9001, IEC-60794-3-10, ITU-T G.652 compliance ensures quality and reliability.
- o Installation environment: Outdoor, aerial, high-voltage, or lightning-prone areas may require armored or ADSS cables.
- o Delivery and logistics: International shipping, customs, and lead time can affect total cost. For an accurate price quote, it is recommended to submit a detailed inquiry to multiple suppliers, specifying cable type, length,
