

Croatia 40G Enterprise-Grade Optical Router with 3-Year Warranty

Article Overview

The MikroTik CRS326-24S+2Q+RM is a 40G enterprise-grade optical router available in Croatia, offering dual 40 Gbps QSFP+ ports, 24 10 Gbps SFP+ ports, and a 3-year warranty.

Key Specifications

- o Ports: 2 x 40 Gbps QSFP+ ports and 24 x 10 Gbps SFP+ ports, supporting high-density fiber connections .
- o Throughput: Nonblocking throughput of 320 Gbps, switching capacity of 640 Gbps, and forwarding rate of 252 Mpps for common packet sizes .
- o Redundancy: Dual power supply ensures continuous operation and minimizes downtime .
- o Management: Supports MikroTik RouterOS for full Layer 3 routing features or SwOS for simplified switch management .
- o Software: Preinstalled and licensed operating system with free updates for at least 5 years from purchase .

Optical Connectivity

- o Compatible with 40G QSFP+ transceiver modules, supporting distances from 150 meters to 80 km depending on the module type .
- o QSFP+ modules are hot-swappable and IEEE 802.3ba compliant, ensuring interoperability with other 40GBASE interfaces .

Enterprise Features

- o High reliability: Designed for data centers, enterprise core networks, and high-performance routing applications.
- o Easy configuration: Full-size USB port for setup and configuration.
- o Scalability: Supports high-density fiber connections and can integrate with existing 10G and 40G infrastructure.

Availability in Croatia

- o Local distributors such as Protis offer MikroTik routers and related networking equipment, making it accessible for Croatian enterprises .
- o Warranty: Typically includes a 3-year hardware warranty, with software updates included for the life of the product or a minimum of 5 years .

Recommended Accessories

Croatia 40G Enterprise-Grade Optical Router with 3-Year Warranty

- o 40G QSFP+ transceivers for connecting to high-speed fiber networks, available from FS or Cisco-certified modules .
- o Compatible SFP+ modules for 10G connections to existing infrastructure. This router is ideal for enterprises or data centers in Croatia seeking high-speed, reliable optical routing with long-term software support and a robust warranty.
