

Article Overview

Cable tray prices in Denmark vary widely depending on material, size, and type, typically ranging from approximately 200 DKK to 1,500 DKK per meter for standard trays.

Price Overview

In Denmark, cable trays are available in steel, aluminum, and wire mesh, with prices influenced by width, height, length, and surface treatment. For example, standard perforated trays with widths from 100 mm to 400 mm and lengths around 3 meters are commonly offered by suppliers like Lemu and Ahlsell, with prices generally starting around 200-400 DKK per meter for smaller trays and up to 1,500 DKK per meter for larger or specialized industrial trays. Wire mesh trays are considered cost-effective, durable, and easy to install, often providing a long-term value due to minimal maintenance.

Supplier Options

- o Ahlsell Denmark: Offers a wide selection of cable trays and accessories with free shipping to local stores, suitable for both domestic and industrial installations.
- o Lemu: Provides perforated cable trays in various dimensions, allowing selection based on project requirements.
- o GroupSumi: Features a broad catalogue covering indoor and outdoor installations, with options for different materials and accessories, emphasizing affordability and durability.
- o Schneider Electric Denmark (Stago Cable Trays): Offers complete systems with accessories, including bends, brackets, and surface treatments for aggressive environments, with widths ranging from 70 mm to 600 mm.
- o Local Manufacturers and Suppliers: Companies like Jeetmull Jaichandlall provide competitive pricing and export options, often emphasizing wire mesh trays for sustainability and ease of installation.

Factors Affecting Price

- o Material: Steel trays are generally less expensive than aluminum or stainless steel.
- o Dimensions: Wider and taller trays cost more due to increased material usage.
- o Surface Treatment: Galvanized or coated trays for corrosive environments are priced higher.
- o Accessories: Bends, brackets, and connectors add to the total cost.
- o Installation Type: Indoor vs. outdoor or industrial vs. domestic use can influence pricing. For precise pricing, it is recommended to request quotes directly from suppliers like Ahlsell, Lemu, or Schneider Electric, as they can provide up-to-date prices based on specific tray dimensions, materials, and project requirements.
