

Is the electrical distribution box considered part of the landscaping

Preview

Yes, you can landscape around an electrical box. Utility boxes, housing essential infrastructure for services like electricity, natural gas, water, and telecommunications, are common fixtures on many properties. Property owners often consider covering these boxes for aesthetic reasons or protection. You should also avoid planting or paving over the box itself, as it might cause damage or prevent. Landscaping around electrical boxes requires choosing plants that allow technicians easy access for maintenance. This common yard feature doesn't have to be an eyesore.

When it comes to landscaping around a power box, there are several important considerations to keep in mind to ensure safety, accessibility, and aesthetics. Understanding the guidelines and best
