This document provides specifications for JXF series metal sheet distribution boxes manufactured by Zhejiang Farady Electric Co. The boxes are made of cold-rolled steel or stainless steel, have an IP55 rating, and come in various standard sizes from 200x200x150mm to. Note: The indoor concealed box can be customized. To order such indoor box, a letter "R" is specified when ordering; to order the concealed box sized 250 x 200 x 140, the order number is JXF252014R. A paid repair will be provided if the warranty period expires. For single row 20, and circuit 24, fter. The JXF distribution box is suitable for 50Hz, 500V and below three-phase three-wire, three-phase four-wire, and three-phase five-wire systems with load currents not exceeding 250A.

The JXF distribution box is suitable for 50Hz, 500V and below three-phase three-wire, three-phase four-wire, and three-phase five-wire systems with load currents not exceeding 250A. It provides control,

Designed to handle three-phase three-wire, four-wire, and five-wire configurations with a frequency of 50Hz and a voltage of up to 500V, this compact and aesthetically pleasing box is perfect for loads up

It serves as a power or lighting distribution unit in three-phase AC distribution systems below 500V, including three-wire (3P), four-wire (3P+N), and five-wire (3P+N+PE) configurations.

Note: The indoor concealed box can be customized. To order such indoor box, a letter "R" is specified when ordering; to order the concealed box sized 250 x 200 x 140, the order number is JXF252014R.

8. Standard module design: it can be composed of standard units such as protection, operation, conversion, control, adjustment, measurement, and indication, and can be arbitrarily assembled

Power Distribution Box,JXF APPENDIX - MODELS AND DIMENSIONS Model:JFX IP Rating:IP67
Material : Steel SIZE: 300*250*150 400*300*170 500*400*200 600*400*200 800*600*250

Made of single steel sheet, treated with decorative powder coating.

This document provides specifications for JXF series metal sheet distribution boxes manufactured by Zhejiang Farady Electric Co., Ltd. The boxes are made of cold-rolled steel or stainless steel, have an

Distribution boxes can be customized in dimensions, configuration, busbar rating, circuit arrangement, and protection device types according to specific project requirements.

JXF Distribution Box Standard Dimensions

JXF Distribution Box Technical parameters Rated working voltage: 220/380V AC Short-time withstand current: Max. rated working current: Material Made of cold-roll steel sheet, with the surface treated

High quality JXF Installation Enclosures Power Distribution Box, Electrical Distribution Box Indoor Outdoor from China, China's leading product market

Open-mounted distribution box installation method: Assemble four bolts into the four holes on the corners and tighten them into the expansion pipes to fix the box.

JXF Distribution Box manufacturer, strict selection of materials and processes, support for customized design, to meet the needs of medium and high-voltage transmission and distribution system security

Customized electrical power distribution box for sale supplier in China, with excellent low voltage distribution box design team. Buy bulk and wholesale medals from us.

We're professional low voltage distribution box jxf series manufacturers and suppliers in China, specialized in providing excellent quality customized products.
