

Article Overview

Laos has several reliable manufacturers and suppliers of fireproof and galvanized cable trays, including Brilltech Engineers and Watana Wire & Cable Company, offering ISO-certified, durable solutions suitable for industrial and commercial projects.

Key Manufacturers and Suppliers

1. Brilltech Engineers Pvt. Ltd. Brilltech Engineers is a leading manufacturer and supplier of galvanized cable trays in Laos. They provide both standard and customized solutions to meet industrial requirements, ensuring durability and compliance with international quality standards. Their products are suitable for environments requiring fire-resistant and corrosion-resistant cable management, and the company holds ISO certifications for quality assurance. Brilltech serves clients such as Hero, Kia, Bosch, and Honda, demonstrating their capability in large-scale projects .

2. Watana Wire & Cable Company (WWCC) WWCC is a prominent local manufacturer of electric wires, cables, and cable trays in Laos. With over 20 years of experience, their facilities are ISO 9001 certified, ensuring high-quality production. They supply to both public and private sectors, and their products are recognized for reliability and compliance with safety standards, making them suitable for fire-protected installations .

3. HDG Cable Trays for Industrial Projects For projects like the Laos Forest Pulp and Paper Integration Project, hot-dip galvanized (HDG) cable trays are used to enhance durability and corrosion resistance in humid tropical conditions. HDG trays are coated with molten zinc at high temperatures, which also improves fire resistance and longevity, making them ideal for industrial and infrastructure applications .

4. Fire Protection Solutions Companies like Flamro provide specialized fireproof coatings and tapes for cable trays, such as FLAMMOTECT-A and DG-CR 0.7. These solutions form a protective shield around cables and trays, preventing flame propagation and maintaining functionality during fire incidents. They are suitable for indoor and outdoor use in industrial plants, substations, hospitals, and other critical facilities .

Considerations for Selecting a Manufacturer

- o Fire Resistance: Ensure the trays or coatings meet fire safety standards.
- o Corrosion Protection: HDG or galvanized trays are recommended for humid climates like Laos.
- o Certifications: ISO-certified manufacturers provide verified quality and reliability.
- o Customization: Ability to produce trays according to project specifications.
- o Local Support: Manufacturers with local presence can provide faster delivery and technical support.

Laos Fireproof Cable Tray Factory

By choosing manufacturers like Brilltech Engineers or WWCC, and combining them with fire protection solutions, you can ensure durable, fire-resistant cable tray installations suitable for industrial, commercial, and infrastructure projects in Laos.
