

Article Overview

Latvia has several reputable manufacturers and suppliers of U-shaped cable trays, offering durable solutions in steel, aluminum, and FRP for industrial and commercial applications.

Key Latvian Manufacturers

- o Eurotray Eurotray is a well-established manufacturer of cable management systems, including U-shaped cable trays. They provide solutions for various industries, focusing on robust steel construction and reliable cable organization .
- o VALDINOX Operating since 1982, VALDINOX specializes in wire mesh cable trays, supports, and easy-installation accessories. Their product range includes U-shaped trays designed for both indoor and outdoor installations, emphasizing durability and ease of installation .
- o LUKA LUKA manufactures control cabinets and enclosures along with flexible connection and fastening elements. They also supply U-shaped cable trays and related accessories suitable for industrial and commercial electrical installations .

Product Features

- o Materials: Stainless steel, galvanized steel, aluminum, and FRP (fiber-reinforced plastic) for corrosion resistance and long-term durability .
- o Applications: Indoor and outdoor cable installations, industrial plants, commercial buildings, and areas where buried ducts are impractical .
- o Accessories: Supports, brackets, and easy-installation components to ensure secure and efficient cable routing .

Procurement and Market Access

Latvian U-shaped cable trays are available through B2B marketplaces and supplier directories such as Europages and Go4WorldBusiness, which provide direct contact with manufacturers for price quotes, bulk orders, and technical specifications . These platforms also allow buyers to compare product ranges, certifications, and delivery options.

Summary

For businesses seeking high-quality U-shaped cable trays in Latvia, Eurotray, VALDINOX, and LUKA are among the leading manufacturers. Their products are designed for durability, compliance with industrial standards, and ease of installation, with options in steel, aluminum, and FRP materials suitable for diverse applications .
