

Article Overview

Key manufacturers in Morocco include Ingelec and DISTRIGROUP ELECTRIC, offering modular and low-voltage distribution boxes suitable for commercial buildings.

Ingelec

Ingelec specializes in the production of electrical boxes and cabinets for residential, commercial, and industrial applications. Their product range includes:

- o Modular flush-mounting boxes for series mounting
- o Waterproof junction boxes for internal and external use
- o Metallic and secured cabinets for domestic and commercial installations These products are designed to meet safety standards and are suitable for shopping mall electrical distribution systems, providing flexibility and protection for low-voltage circuits (Ingelec) .

DISTRIGROUP ELECTRIC

DISTRIGROUP ELECTRIC supplies innovative electrical solutions for industrial, residential, and tertiary sectors. They offer a variety of electrical equipment, including distribution boxes, aimed at improving energy efficiency and performance in commercial buildings (DISTRIGROUP ELECTRIC) .

Additional Suppliers and Directories

For a broader selection of manufacturers and suppliers, the following B2B directories list Moroccan companies specializing in electrical equipment:

- o Kerix: Offers a directory of suppliers for electrical boxes, wiring, and low-voltage distribution equipment in Morocco, allowing requests for quotes and sourcing from multiple vendors (Kerix) .
- o Arabic Market: Provides a comprehensive list of electrical and electronic equipment companies in Morocco, including manufacturers of distribution transformers and low-voltage electrical appliances (Arabic Market) .
- o Kerix Industrial Equipment Directory: Lists suppliers of medium and low-voltage electrical installations, maintenance, and automation solutions suitable for commercial projects (Kerix) .

Recommendations

For shopping mall projects, it is advisable to:

- o Contact Ingelec or DISTRIGROUP ELECTRIC directly to discuss modular distribution box options and

compliance with local electrical codes.

- o Use B2B directories like Kerix or Arabic Market to compare multiple suppliers, request quotes, and evaluate product specifications.
- o Verify certifications and standards to ensure the distribution boxes meet safety and performance requirements for commercial installations. These steps will help identify reliable Moroccan manufacturers and ensure the electrical distribution system in a shopping mall is safe, efficient, and scalable.
