

New Price Quote for Fireproof Cable Trays in Iran

Article Overview

Fireproof cable trays in Iran are available from local distributors like ParsianGostar and Eagle Barq Co., with prices varying based on material, fire rating, and configuration.

Suppliers in Iran

- o ParsianGostar: Offers cable trays in various shapes and materials, including fire-resistant options. They are located in Tehran and can be contacted via info@ParsianGostar.ir for detailed quotations and bulk orders .
- o Eagle Barq Co.: Official agent of SPINA/SCHIAVETTI TEKNO in Iran, providing advanced cable tray systems, accessories, and custom solutions. They offer technical support, testing, and certification for fireproof trays .

Product Specifications

Fireproof cable trays are designed to maintain circuit integrity during fire events and protect cables from mechanical damage, environmental exposure, and thermal stress . Key features include:

- o Materials: Stainless steel (high fire and corrosion resistance), galvanized steel, aluminum, and fiberglass-reinforced plastic (FRP) for non-conductive or corrosive environments .
- o Fire Ratings: UL 1724 and NFPA 70 compliance, with some trays tested to withstand temperatures up to 1000°C for 2 hours .
- o Designs: Ladder-type, wire mesh, and perforated trays for ventilation, heat dissipation, and easy maintenance .
- o Coatings: Intumescent paints or fire-resistant blankets can enhance fire protection .

Pricing Overview

- o B2B Bulk Pricing: Fireproof cable trays in industrial-grade materials typically range from \$0.80 to over \$76 per unit, depending on size, material, and fire rating .
- o B2C or Small Orders: Prices for smaller-scale or consumer-grade trays range from \$15 to \$34, with wholesale options as low as \$0.92 per unit .
- o Factors Affecting Price: Material type (stainless steel is more expensive), tray dimensions, load capacity, fireproof coatings, and customization requirements.

Recommendations

- o Request a detailed quote from local suppliers like ParsianGostar or Eagle Barq Co., specifying tray dimensions, material, fire rating, and quantity.

New Price Quote for Fireproof Cable Trays in Iran

- o Consider fireproof coatings or MI cable wraps for high-risk areas such as server rooms, chemical plants, or industrial facilities .
- o Verify compliance with local and international fire safety standards to ensure reliability and insurance coverage.
- o Compare bulk vs. small order pricing to optimize cost-efficiency for your project . By contacting these suppliers directly, you can obtain a current, customized price quote for fireproof cable trays in Iran that meets your project specifications and safety requirements.
