

Price of Household Sealed Waterproof Distribution Box

Article Overview

Household sealed waterproof distribution boxes typically range from \$10 to \$50 depending on size, material, and features.

Price Overview

- o Amazon Germany offers an IP65 ABS waterproof junction box (20 x 12 x 7.5 cm) for household and outdoor use. These boxes are priced around EUR15-EUR25, depending on the seller and shipping options, and include features like a reinforced rubber sealing ring for waterproofing and dust protection .
- o Amazon US lists compact waterproof distribution protection boxes (2-way circuit breaker design, 2.1 x 3.5 x 4.7 inches) for approximately \$12-\$20, featuring transparent covers, DIN rails, and silicone waterproof plugs for secure installation .
- o Amazon UK provides wall-mounted waterproof power distribution boxes with IP54 rating and multiple sockets, priced around GBP20-GBP35, suitable for workshops, sheds, and gardens .
- o SinoBreaker offers a wider range of IP65-IP68 waterproof distribution boxes, including DIN rail enclosures and larger industrial models. Prices vary based on size, series (AT or HT), and customization, typically starting from \$20 for compact models and increasing for larger or pre-assembled units .
- o eBay UK also lists various household and industrial waterproof distribution boxes, with prices ranging from GBP10 to GBP50, depending on brand, size, and condition (new or used), .

Key Features Affecting Price

- o IP Rating: Higher ratings (IP65-IP68) provide better protection against dust and water, often increasing cost.
- o Material: ABS or polycarbonate housings are common; UV-stabilized plastics are preferred for outdoor use.
- o Size and Capacity: Larger boxes with more internal space or DIN rail support are more expensive.
- o Additional Features: Transparent covers, pre-installed mounting brackets, and reinforced sealing rings enhance usability and durability.

Recommendation

For typical household use, a compact IP65 ABS box with a reinforced seal is sufficient, priced around \$15-\$25. For outdoor or industrial applications, consider larger IP65-IP68 enclosures with DIN rails, which may cost \$30-\$50. Always check the product specifications to ensure compatibility with your electrical setup.
