

Price of New Optical Cable Socket for Emergency Communication in Kuwait

Article Overview

The price of a new optical cable socket in Kuwait typically ranges from 5 to 25 KWD, depending on type, quality, and supplier.

Overview

Optical cable sockets, also known as fiber optic wall outlets or termination boxes, are essential for emergency communication systems, ensuring reliable signal transmission and network integrity. Prices vary based on connector type (SC, LC, ST), single-mode or multi-mode compatibility, and environmental protection features.

Suppliers in Kuwait

- o KATEC: Offers premium fiber optic cables and accessories, including sockets suitable for industrial and emergency communication applications. They provide customizable solutions and installation services, ensuring compliance with ISO 9001 and KFSD standards .
- o Fiber Network Company: Specializes in fiber optic infrastructure and network systems, supplying high-quality sockets and accessories for telecom and emergency networks .
- o KEC Onlineshop and local electrical retailers: Provide general electrical and network accessories, including fiber optic sockets, with delivery across Kuwait .

Typical Price Range

Based on market trends and supplier catalogs in Kuwait:

- o Basic single-mode or multi-mode wall sockets: 5-10 KWD
- o Premium or industrial-grade sockets (with dust protection, water resistance, or high-durability casing): 15-25 KWD
- o Custom or high-capacity sockets for critical emergency communication networks may exceed 25 KWD, depending on specifications and installation requirements.

Recommendations

- o Contact suppliers directly (KATEC or Fiber Network Company) for exact pricing and availability, as prices fluctuate with demand and specifications.
- o Specify connector type and environmental requirements to ensure compatibility with emergency communication systems.
- o Consider installation services offered by suppliers to guarantee proper setup and compliance with safety
