

Price of Optical Cable Fixing Clips

Article Overview

Optical cable fixing clips typically range from \$5 to \$15 for packs of 30 self-adhesive clips, depending on brand and quality.

Overview of Options

o Elfcam Self-Adhesive Cable Clips: Available in packs of 30, suitable for fiber optic cables, network cables, USB, and audio cables. Each clip can hold cables with diameters from 0.5 mm to 6 mm. These clips are designed for multiple surfaces including glass, wood, metal, and plastic, and come with a 5-year warranty. Prices for a pack of 30 generally fall around \$7-\$12 depending on the seller and shipping options (Amazon.de, Amazon.nl) .

o tesa Powerstrips Cable Clips: These self-adhesive clips are reusable and suitable for home or office cable management. They are designed to stabilize cables without damaging surfaces. Pricing is similar, typically \$8-\$15 per pack, depending on the number of clips included and the seller .

Key Considerations

o Pack Size: Most common packs contain 30 clips, but larger or smaller packs are available.

o Cable Diameter Compatibility: Ensure the clips support the diameter of your optical cables (commonly 0.5-6 mm).

o Surface Type: Adhesive clips work best on smooth, clean surfaces; some clips can be cut or adjusted for multiple cables.

o Durability and Warranty: Brands like Elfcam offer long-term warranties and high adhesive strength, which may justify slightly higher prices. For bulk purchases or specialized clips, prices may vary, so checking the latest listings on Amazon or local suppliers is recommended for the most accurate cost.
