

Price of pre-embedded horizontal supports for cable trays

Article Overview

Pre-embedded horizontal supports for cable trays typically range from \$20 to \$50 per unit, depending on size, material, and supplier.

Overview

Horizontal supports, such as cantilever brackets or wall-mounted supports, are used to secure cable trays horizontally from walls, ceilings, or pedestal legs, ensuring proper load distribution and compliance with standards like DIN EN 61537 and BS EN 61537:2023 . These supports are available in steel, stainless steel, or aluminum, often with galvanization for corrosion protection . They are essential for industrial, commercial, and data center installations to maintain cable organization and safety.

Price Examples

- o CMW Ltd (UK) offers a 300mm cantilever bracket for supporting wire basket or cable trays at GBP20-GBP25 excluding VAT per unit, depending on shipping options .
- o Prices can vary based on length, load capacity, and material. Stainless steel or heavy-duty galvanized supports generally cost more than standard steel brackets.
- o Suppliers like ShowMeCables and RS Components provide a range of horizontal cable management supports, including D-rings, finger ducts, and tray hangers, with prices typically starting around \$20-\$30 per unit for basic brackets and increasing for larger or specialized supports .

Factors Affecting Cost

- o Material: Stainless steel > galvanized steel > aluminum.
- o Size and Load Rating: Longer or higher-capacity supports cost more.
- o Supplier and Brand: Premium brands like Panduit, Middle Atlantic, or ECore may have higher prices.
- o Shipping and VAT/Taxes: International shipping or expedited delivery can add to the cost.

Recommendation

For accurate budgeting, it is advisable to specify the required length, load capacity, and material when requesting quotes from suppliers. Many suppliers offer bulk discounts for large orders, and consulting with a supplier can help select the most cost-effective solution for your installation .

SFSP manufactures a wide range of products capable of providing the characteristics which respond to the
