

# Price quote for explosion-proof electrical distribution boxes in Sudan

## Article Overview

Explosion-proof distribution boxes in Sudan are available from multiple suppliers, with prices varying based on size, material, and certification, typically ranging from compact junction boxes to large industrial enclosures.

## Supplier Options

Several suppliers offer explosion-proof distribution boxes suitable for hazardous environments in Sudan:

- o Europages lists 26 suppliers for Sudan, allowing direct contact with manufacturers and wholesalers for price quotes and bulk orders .
- o Alibaba provides IP66-rated explosion-proof distribution boxes, suitable for industrial and hazardous applications, with options for bulk purchasing .
- o Hexlonex offers IECEx and ATEX-certified boxes for Zone 1 and Zone 2 hazardous areas, ensuring compliance with international safety standards .
- o DDY Group supplies versatile explosion-proof distribution boxes with integrated control cabinets, sockets, maintenance lighting, and power switches for industrial use .

## Pricing Overview

The cost of explosion-proof distribution boxes depends on several factors:

- o Size and capacity: Small junction boxes are at the lower end of the price range, while large enclosures for motors or circuits are more expensive .
- o Material: Steel, aluminum, and polycarbonate options affect durability, corrosion resistance, and cost .
- o Certifications: ATEX, IECEx, UL, and NEC compliance can increase price due to testing and safety standards .
- o Features: Integrated control cabinets, sockets, and maintenance lighting add to the overall cost . Typical price ranges (approximate, depending on supplier and specifications):
- o Compact junction boxes: Lower-cost, suitable for small I/O connections.
- o Medium industrial boxes: Moderate cost, reinforced for corrosion resistance and mechanical strength.
- o Large enclosures: Highest cost, designed for isolating motors, pumps, and circuits in high-risk environments .

## Recommendations

- o Contact multiple suppliers listed on Europages or Alibaba to request custom quotes based on your required

size, material, and certification.

- o Ensure the boxes meet ATEX or IECEx standards if used in hazardous zones.
- o Consider lead times and shipping logistics to Sudan, as industrial enclosures may require special handling.
- o Evaluate integrated features like maintenance lighting and control cabinets for operational efficiency and safety . By comparing suppliers and specifying your requirements, you can obtain accurate price quotes and select the most suitable explosion-proof distribution boxes for your industrial or hazardous-area applications in Sudan.
