## Key Considerations

## Price quote for gigabit industrial switches in Australia

- o Port Count & Type: More ports and SFP uplinks increase cost.
- o PoE Capability: PoE+ switches are more expensive due to power delivery features.
- o Management Features: Unmanaged switches are cheapest; smart managed and fully managed switches cost more.
- o Environmental Ratings: Industrial-grade switches with wide temperature ranges, surge protection, and vibration resistance are priced higher.
- o Power Supplies & Accessories: Some models require separate DIN rail power supplies or SFP modules, adding to total cost.
