

Article Overview

Top cable tray manufacturers in the UAE include Unigroup, Bonn Metal Construction Industries, West Port Cable Tray, Emerald Steel Industries, and Metar, offering high-quality, compliant, and customizable cable management solutions.

Leading Manufacturers

1. Unigroup Unigroup manufactures a wide range of cable trays, trunking, and channel systems in the UAE, designed for commercial, industrial, and utility applications. Their products include perforated trays, ladder-type trays, wire mesh trays, and GRP cable management systems. These trays are engineered for corrosion resistance, fire safety, and long-term reliability, and are suitable for both standard and customized installations . 2. Bonn Metal Construction Industries LLC (BMCI) BMCI is one of the largest cable tray manufacturers in the UAE, producing 12,000 tons annually. They offer cable trays, ladders, trunking, strut channels, and accessories for electrical power, signal, control, and communication cables. BMCI serves large-scale industrial and commercial projects across the MENA region, ensuring high-quality, timely delivery, and tailored solutions . 3. West Port Cable Tray West Port provides cable trays, ladders, Unistrut channels, trunking, and wire mesh trays for light, medium, and heavy-duty applications. Their products are designed for ventilation, durability, and modular assembly, making them suitable for commercial, industrial, and MEP applications. They also offer bespoke designs and engineering support . 4. Emerald Steel Industries LLC Based in Ajman, Emerald Steel Industries manufactures and supplies cable trays, troughs, U channels, strut supports, ladder systems, and trunking. They are ISO 9001 certified and have a strong track record in oil & gas and industrial projects. Their products include hot-dip galvanized trays in various duty levels, with full accessories and covers, and they provide design assistance using AutoCAD and PDMS . 5. Metar Metar, located in Dubai, specializes in high-performance steel cable tray systems for commercial, industrial, and infrastructure projects. Their trays support both light and heavy electrical loads, offering ventilation, corrosion resistance, and compliance with consultant specifications. Metar is ideal for data centers, server rooms, and large-scale installations requiring robust and long-lasting cable management solutions .

Summary

These manufacturers provide a comprehensive range of cable management solutions in the UAE, including ladder, perforated, wire mesh, and GRP trays, along with trunking and accessories. They emphasize quality, compliance with international standards, durability, and engineering support, making them suitable for industrial, commercial, and infrastructure projects. Depending on your project requirements, you can choose a manufacturer that offers customization, heavy-duty support, or specialized solutions.
