

Article Overview

Several manufacturers and suppliers in Georgia offer trough-type cable trays, including local and national companies with a range of materials and configurations.

Local and Regional Manufacturers

- o OFS (Norcross, GA) - OFS manufactures standard and custom fiber optic cable distribution systems, including troughs, serving electric utilities, telecommunications, municipalities, and industrial clients in Georgia .
- o AutomationDirect (Cumming, GA) - Distributor and manufacturer of wiring cable troughs made from carbon steel and 304 stainless steel, featuring splash-proof IP54 ratings and powder coat finishes .
- o Lippert Components (Fitzgerald, GA) - Offers cable trays and troughs for automotive and industrial applications, providing fabrication and assembly services .

National Manufacturers Serving Georgia

- o Chalfant Manufacturing Co. (Avon, OH) - Produces trough cable tray systems with 1-inch and 2-inch side heights, including bends, tees, cross-overs, and vertical risers. Products are made in the USA and suitable for industrial power and data cable management .
- o Legrand / Cablofil - Offers steel and wire mesh trough trays in various sizes and colors, including straight sections, 90-degree bends, covers, and splice kits. These trays are designed for secure cable management in commercial and industrial installations .
- o EAE USA - Provides medium- and heavy-duty industrial cable tray systems, including troughs, with electro-galvanized, pre-galvanized, and hot-dip galvanized finishes for indoor and outdoor use .
- o Snake Tray - Manufactures cost-effective cable management systems, including troughs, for data centers, solar installations, and transit applications. They offer design assistance and prefabricated solutions to reduce installation time .
- o Atkore / US Tray - Offers aluminum and steel troughs with solid bottom and ventilated designs, suitable for commercial and industrial projects .

Materials and Types

- o Materials: Galvanized steel, stainless steel, aluminum, fiberglass reinforced plastic (FRP)
- o Tray Types: Solid-bottom, ventilated, ladder, wire mesh, and trough
- o Applications: Power distribution, data centers, industrial wiring, fiber optic networks, and commercial construction
