

Article Overview

Leading UAE manufacturers of cable management systems include Metar, West Port, Power Solution Industries, and Alpha Cable Management System, offering a full range of trays, ladders, trunking, and accessories.

Key Manufacturers and Suppliers

Metar is a trusted Dubai-based manufacturer providing durable cable trays, ladders, and accessories for commercial, industrial, and infrastructure projects. Their products are engineered for mechanical strength, corrosion resistance, and long-term durability, available in pre-galvanized, hot-dip galvanized, and powder-coated finishes. Metar offers customized widths, side rail heights, and material thicknesses to meet project-specific load requirements, along with a full range of accessories like bends, tees, reducers, covers, and coupler plates for efficient installation across complex layouts . West Port Cable Tray specializes in premium cable management systems across the UAE and Middle East. They manufacture perforated, ladder-type, and solid-bottom cable trays suitable for light to heavy-duty applications, including sensitive data and fiber optic cables. Their accessories include horizontal and vertical bends, reducers, elbows, covers, tees, couplers, and end plates, ensuring secure and compatible installations for infrastructure, data centers, construction, and oil and gas projects . Power Solution Industries (PSI) is a UAE-based manufacturer and supplier of cable management and containment systems, including cable raceways, serving Dubai, KSA, and the broader Middle East. PSI focuses on high-quality, project-ready solutions for industrial and commercial applications . Alpha Cable Management System L.L.C provides comprehensive cable support systems, including trays, trunking, ladders, and accessories. Their products comply with ISO 9001:2015 and international standards such as NEMA-VE1, BS EN 61537, BS 4678 Part 1, and BS EN 50085, ensuring global quality and safety benchmarks. Alpha specializes in structural solutions for securely mounting and protecting cables over long distances, as well as storage solutions for networking and data equipment . SMKA Electric LLC acts as a distributor for premium European cable management systems, including OBO Bettermann products, offering solutions that meet international standards with pre-sales and after-sales support .

Summary

For professional cable management stands and systems in the UAE, these manufacturers provide a wide range of solutions suitable for industrial, commercial, and infrastructure projects. They offer customization, compliance with international standards, and comprehensive accessory support, ensuring reliable and durable installations. Depending on project requirements, clients can choose from local manufacturers like Metar, West Port, PSI, and Alpha Cable Management, or distributors like SMKA Electric for premium European products.
