In this range, HV junction boxes & electrical enclosures support 11kV, 33kV, 66kV and specialist high-current applications, providing dependable solutions for power transmission, distribution, subsea termination, busbar systems and fibre optic integration. Thor specializes in R&D and overseas technical support for high-voltage cable junction boxes and other power distribution equipment. DPJB high voltage 'down hole pump'. The HVJB range provides a safe means of terminating 11kV power or combined multi-use cables within hazardous areas both onshore and offshore. It is certified for both Gas and Dust hazards. This innovative connector system offers the ultimate combination of convenience, safety, and versatility, making it perfect for quickly swapping cables. Based on the HVJB but suitable for 15kV, the ABBJ can accept up to four phase connections in either a bottom entry or through box configuration.

High Voltage Junction Box for Hazardous Areas The HVJB range provides a safe means of terminating 11kV power or combined multi-use cables within

Easily connect and disconnect cables with our 40kV DC 5-Way High Voltage

Abtech DPJB high voltage hazardous area electrical enclosures and junction boxes provide safe power distribution for 11kV systems up to 630sqmm cables - ATEX

Abtech HVJB high voltage hazardous area electrical enclosures and junction boxes provide safe power distribution for 11kV systems up to 1000sqmm cables

Electrical junction boxes by Raychem RPG ensure safe wiring connections, enclosure protection, and reliable cable management.

Ex-rated high voltage, 15kv junction box for hazardous areas. ATEX & IECEx certified for Zone 1 hazardous locations. Terminate both power & fibre optics.

The HVJB range provides a safe means of terminating 11kV power or combined multi-use cables within hazardous areas both onshore and offshore. It is

In 10kV power distribution cabling projects, high-voltage cable junction boxes are increasingly replacing traditional overhead

High-current terminal boxes Cable end boxes for hazardous areas R. STAHL's 8146 series cable end boxes connect electric lines for currents of up to 400 A in

Ultra-high voltage cable junction box

CEX HVJBs Ex eb and Ex nA Stainless Steel High Voltage Junction Boxes Certification Certificate No.s
SIRA 08 ATEX 4221 Ex nA SIRA 08 ATEX 3220

Ex-Rated Medium & High Voltage Enclosures When you need to terminate high voltage or high current cable in a hazardous area, Abtech is the here to assist.

Ex-rated high voltage junction box for hazardous areas. ATEX & IECEx certified for Zone 1 hazardous locations. Terminate both power & fibre optics.

T&D are Main Distributors for Abtech - high voltage junction boxes and electrical enclosures for MV-HV electrical power distribution. High voltage (HV) enclosures can be drilled to accomodate single or

A quick guide to HV junction boxes for 11kV-66kV systems, covering applications, safety and enclosure selection.

Abtech DPJB HV Electrical Enclosures & Junction Boxes Zone 1 & Zone 2 Enclosures &
Junction Boxes LV HV Abtech DPJB high voltage hazardous area

Abtech Busbar Box high voltage (HV) cable junction boxes are manufactured from 316L stainless steel and used primarily for jointing cables or as a connection
