

Where can I buy single-mode fiber optic patch cords

Article Overview

High-quality single-mode fiber optic patch cords can be purchased from major online retailers, specialized fiber optic suppliers, and industrial distributors offering both stock and custom options.

Online Retailers

- o Amazon: Offers a wide range of single-mode patch cables in various lengths, connector types (LC, SC, ST), and configurations (simplex or duplex). Many options include LSZH or plenum jackets suitable for indoor installations, with customer reviews to help gauge quality .

Specialized Fiber Optic Suppliers

- o FiberOptics.com: Provides precision-rated single-mode patch cords with LC, SC, ST, and APC/UPC connectors. They offer both simplex and duplex cables, plenum-rated jackets, and a variety of lengths, ideal for professional-grade installations .
- o Patch Cords Online: Offers single-mode OS2 fiber patch cables with multiple connector options and lengths, including uniboot and duplex configurations for long-distance connectivity .
- o American Tech Supply: Stocks a large inventory of single-mode patch cables, including custom lengths, multi-fiber assemblies, armored and plenum-rated options, and military-grade cables. They provide GR-326-CORE and RoHS compliant products with test results included .
- o Fiber Cables Direct: Supplies indoor/outdoor, water- and UV-resistant single-mode patch cables, with custom lengths and configurations. They offer a lifetime warranty and fast shipping from the USA .
- o Primus Cable: Offers single-mode 9/125 OS2 fiber cables for long-distance applications, with LC, SC, and ST connectors, suitable for indoor and outdoor use .
- o LANshack: Provides custom-made single-mode patch cables with plenum-rated jackets, low insertion loss, and high signal quality, ideal for data centers, telecom, and FTTx applications .
- o Fiber Optic Cable Shop: Offers single-mode patch cables in simplex and duplex configurations, with options for plenum or LSZH jackets and various connector types .

Industrial Distributors

- o Grainger: Supplies single-mode fiber optic patch cords for industrial and commercial applications, including MPO connectors for high-density setups. They provide real-time availability and 24/7 support .

Tips for Choosing Single-Mode Patch Cords

- o Connector Type: Match LC, SC, ST, or APC/UPC connectors to your equipment.

Where can I buy single-mode fiber optic patch cords

- o Cable Type: OS2 is standard for long-distance single-mode applications.
- o Jacket Rating: Use LSZH or plenum-rated jackets for indoor air-handling spaces.
- o Length and Configuration: Choose simplex for one-way transmission or duplex for bidirectional communication.
- o Quality Assurance: Look for factory-tested cables with low insertion loss and return loss specifications.

By selecting from these reputable sources, you can ensure high-performance, reliable single-mode fiber optic patch cords suitable for professional networking, telecom, and data center applications.
