

Where to buy fiber optic cables and patch cords

Article Overview

You can purchase fiber optic cables and patch cords from specialized online suppliers such as EFB-Elektronik, Cables on Demand, ShopFiber24, Intercable, and RS Hong Kong, offering a wide range of connector types, fiber types, and custom solutions.

Recommended Suppliers

EFB-Elektronik offers a large selection of fiber optic patch cables, including LC, SC, and MTP connectors, as well as OM3 and OM4 fiber types. They provide custom assembly of E2000(R) patch cables and pre-terminated fiber optic cables, with fast delivery and expert advice available online . Cables on Demand specializes in high-performance fiber optic patch cables for data centers, 4G/5G, AI/ML/HPC, and LAN applications. They offer connectors such as ST, SC, FC, LC, MT-RJ, and MTP/MPO in singlemode (OS1) and multimode (OM1, OM2, OM3) configurations, with lengths from 1m to 5m and beyond . ShopFiber24 provides a wide variety of singlemode and multimode fiber optic patch cables, including OS1, OS2, OM1-OM5 types. They offer simplex and duplex versions, color-coded cables, and measurement reports for quality assurance. Bulk buyers can benefit from volume discounts, and the store provides detailed technical support . Intercable supplies multimode and singlemode patch cords with various core sizes (9 um, 50 um, 62.5 um) and connector types like ST/ST, ST/SC, and SC/SC. Their cables are factory-tested for optical performance and available in lengths from 1 to 30 meters . RS Hong Kong is a trusted supplier of fiber optic cables from reputable brands such as ABB, Broadcom, Bulgin, and Festo. They offer same-day and next-working-day delivery, with professional support to help select the right cable for your networking needs .

Tips for Purchasing

- o Determine the fiber type: Singlemode for long distances, multimode for shorter connections.
- o Choose the right connector: LC, SC, ST, MTP/MPO, or custom connectors depending on your equipment.
- o Check cable length and flexibility: Ensure the patch cord length suits your rack or cabinet setup.
- o Consider custom solutions: Some suppliers offer pre-terminated or custom-length cables for specific applications.
- o Verify quality and testing: Look for suppliers that provide optical testing and measurement reports to ensure low insertion loss and high signal quality. By selecting from these suppliers, you can find high-quality fiber optic cables and patch cords suitable for professional networking, data centers, or telecommunications projects.
